**Product Description**

This standard LED acorn fixture is designed to fit over a 3 inch pole or tenon. The base slides over a 3 inch O.D. pole and is locked in place with set screws. The acorn is attached to the base assembly with set screws, making replacement of the bulb or acorn very easy. The base assembly is made of black, heavy duty die cast aluminum making this fixture suitable for coastal areas. The acorn lens is made of acrylic material and has a translucent texture. A decorative finial option is available.
